45. Payment of Stipulated Penalties.

a. Beazer shall provide information regarding violations under Paragraph 42 (Stipulated Penalty Amounts for Reported Violations) to EPA in the National Compliance Summary Report in the form attached at Appendix G.

b. All penalties owed to the Plaintiffs under Paragraphs 42 and 43 shall be due and payable within thirty (30) days of Beazer's receipt from the United States of a demand for payment of the penalties (on behalf of the United States and State Plaintiffs), unless Beazer invokes the procedures under Section IX (Dispute Resolution).

c. All payments of stipulated penalties shall be made in the manner set forth and with the confirmation notices required by Paragraph 24 and, as applicable, Paragraph 25, except that the transmittal letter shall state that the payment is for stipulated penalties.

d. A State Plaintiff shall receive 50% of the stipulated penalties collected for violations of subparagraphs 43.b(i), 43.b(ii), 43.c, 43.i, and 43.j that are attributable to violations occurring in that state and are discovered by a Plaintiff. A State Plaintiff shall receive 50% of the stipulated penalties collected for violations of subparagraph 42.a that are attributable to violations occurring in that state. Stipulated penalties reported by Beazer pursuant to Paragraph 42 (with the exception of subparagraph 42.a) shall be paid in full to the United States.

46. Stipulated penalties shall accrue as provided in Paragraphs 42 and 43. For stipulated penalties that are assessed "per day," penalties shall begin to accrue on the day after performance is due or on the day a violation occurs, whichever is applicable, and shall continue

to accrue until performance is completed or until the violation ceases. Stipulated penalties shall accrue simultaneously for separate violations of the Consent Decree. Penalties shall accrue regardless of whether EPA has notified Beazer of a violation, but need not be paid until a demand is made. However, if a penalty would otherwise accrue because the List of Projects and Sites (Paragraph 8) or the Quarterly Division Site Inspection Report or the Quarterly Compliance Inspection and Review (Paragraph 14) is deemed by EPA to contain a material deficiency, stipulated penalties shall not begin to accrue until EPA has notified Beazer of such deficiency.

47. The United States may, in the unreviewable exercise of its discretion, reduce or waive stipulated penalties otherwise due it under this Consent Decree.

48. Stipulated penalties shall continue to accrue as provided in Paragraph 46, above, during any Dispute Resolution, but need not be paid until the following:

a. If the dispute is resolved by agreement or by a decision of the United States that is not appealed to the Court, Beazer shall pay such penalties as are agreed upon or decided upon, respectively, to the United States within thirty (30) days of the effective date of the agreement or the receipt of the United States' decision or order.

b. If the dispute is appealed to the Court and the United States prevails in whole or in part, Beazer shall pay all penalties awarded by the Court within sixty (60) days of receiving the Court's decision or order, except as provided in subparagraph c.

c. If any Party appeals the Court's decision, Beazer shall pay all penalties ultimately awarded by the Court, together with interest as provided in Paragraph 50 running from the 61st day after the Court's decision, within fifteen (15) days of the final appellate court decision.

d. Notwithstanding Paragraph 46, during judicial review by this Court under Section IX (Dispute Resolution), stipulated penalties shall not accrue, during the period, if any, beginning on the 31st day after the Court's receipt of the motion provided for by Paragraph 59 until the date the Court issues a final decision regarding such dispute.

49. Beazer shall not deduct stipulated penalties paid under this Section in calculating its federal income tax.

50. If Beazer fails to pay stipulated penalties according to the terms of this Decree, Beazer shall be liable for interest on such penalties, as provided for in 28 U.S.C. § 1961, accruing as of the date payment became due pursuant to Paragraph 45.b. or Paragraph 48.

51. Except as provided in this Paragraph, the United States and State Plaintiffs reserve the right to pursue any other remedies for violations of this Consent Decree, the Clean Water Act, or equivalent state law to which they are entitled. Any such action shall not be considered a "Covered Dispute" under Section IX (Dispute Resolution). The United States and State Plaintiffs will not seek stipulated penalties and civil or administrative penalties for the same violation; provided, however, the United States and State Plaintiffs expressly reserve the right to seek injunctive relief against Beazer for violations of this Decree, the Clean Water Act, or equivalent state law even if a stipulated penalty has been sought or collected pursuant to this Decree.

VIII. FORCE MAJEURE

52. A "force majeure event," for purposes of this Consent Decree, is defined as any event arising from causes beyond the control of Beazer, its contractors, or any entity controlled by Beazer that prevents or delays the performance of any obligation of this Consent Decree

despite all reasonable efforts by Beazer to fulfill the obligation. “All reasonable efforts” includes using all reasonable efforts to anticipate any potential force majeure event (where such event can be anticipated) and using all reasonable efforts to address the effects of any such event: (a) as it is occurring; and (b) after it has occurred, to prevent or minimize any resulting failure to perform or delay in performing any obligation of this Consent Decree. “Force majeure event” does not include Beazer’s financial inability to perform any obligation under this Consent Decree.

53. Beazer shall retain all rights granted under the Applicable Permit concerning a force majeure event.

54. Beazer shall provide notice to the EPA representative listed in Section XIII (Notices) orally or by electronic or facsimile transmission (“initial notice”) as soon as practicable, but not later than ten (10) days after the time Beazer first knew of, or by the exercise of due diligence, should have known of, a claimed force majeure event. Beazer shall also provide written notice (“subsequent written notice”), as provided in Section XIII of this Consent Decree (Notices), within thirty (30) days of the time Beazer first knew of, or by the exercise of due diligence, should have known of, the event. The United States may, in its unreviewable discretion, extend the time within which initial notice or subsequent written notice must be given. No such extension shall be effective unless in writing. The subsequent written notice shall state the anticipated duration of any failure to comply or delay in compliance with any obligation of this Consent Decree; the cause(s) of such failure or delay; Beazer’s past and proposed actions to prevent or minimize such failure or delay; a schedule for carrying out those actions; and Beazer’s rationale for attributing any failure to comply or delay in compliance to a force majeure event. Except as may be provided in Paragraph 53, failure to provide initial notice

and subsequent written notice as required by this Paragraph shall preclude Beazer from asserting any claim of force majeure.

55. If the United States agrees that a force majeure event, as defined by this Section, has occurred, the United States shall agree to extend the time for Beazer to perform the affected requirements for the time necessary to complete those obligations. An extension of time to perform the obligations affected by a force majeure event shall not, by itself, extend the time to perform any unaffected obligation. Failures resulting from a force majeure event shall not be considered a breach of this Consent Decree, and Beazer shall not be liable for any stipulated penalties occurring as a direct result of the event, provided Beazer complies with the terms of this Section.

56. If the United States does not agree that a force majeure event, as defined by this Section, has occurred, or does not agree to the length of the extension of time sought by Beazer, the United States' position shall be binding, unless Beazer invokes Dispute Resolution under Section IX of this Consent Decree. In any such dispute, Beazer bears the burden of proving, by a preponderance of the evidence, that each claimed force majeure event is a force majeure event, that Beazer gave the notice required by Paragraph 54, that the force majeure event caused any failure to comply or delay in compliance with an obligation of this Consent Decree that Beazer claims was attributable to that event, and that Beazer exercised all reasonable efforts to prevent or minimize any failure or delay in compliance caused by the event.

IX. DISPUTE RESOLUTION

57. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve a dispute

arising under or with respect to this Consent Decree (“Covered Dispute”). A Covered Dispute shall be considered to have arisen when Beazer serves on the United States a written notice of dispute, in accordance with Section XIII of this Consent Decree (Notices). Such notice of dispute shall state clearly the matter in dispute.

58. Dispute Resolution

a. Any Covered Dispute shall first be the subject of informal dispute resolution. Informal dispute resolution shall proceed from the date the notice of dispute is served, as follows, unless these periods are modified by written agreement.

b. If Beazer invokes dispute resolution procedures, within fifteen (15) days of service of written notice of the dispute, Beazer shall serve on the United States a written Statement of Position regarding the Covered Dispute, in accordance with Section XIII of this Consent Decree (Notices). The Statement of Position shall include, but need not be limited to, a concise statement of the Covered Dispute, the Beazer’s position, and an explanation of that position.

c. The United States shall serve its Statement of Position within thirty (30) days of receipt of Beazer’s Statement of Position, in accordance with Section XIII of this Consent Decree (Notices). The United States’ Statement of Position shall include, but need not be limited to, a concise statement of the Covered Dispute, the United States’ position, and an explanation of that position.

d. Upon Beazer’s receipt of the United States’ Statement of Position, the United States and Beazer may work toward resolving the Covered Dispute. If no resolution is reached within fifteen (15) days, or such longer period as may be agreed to

in writing by the parties, the United States' Statement of Position shall be binding on Beazer, unless Beazer files a motion for judicial resolution of the Covered Dispute within thirty (30) days after the conclusion of informal negotiations in accordance with the following Paragraph.

59. Judicial Resolution. Beazer may seek judicial resolution of the Covered Dispute by filing with the Court and serving on the United States, in accordance with Section XIII of this Consent Decree (Notices), a motion requesting judicial resolution of the Covered Dispute.

60. The United States shall respond to Beazer's motion within the time period allowed by the Local Rules of this Court. Beazer may file a reply memorandum, to the extent permitted by the Local Rules.

61. Except as otherwise provided in this Consent Decree, Beazer shall bear the burden of establishing its position on the Covered Dispute by a preponderance of the evidence under applicable law.

62. Subject to Paragraph 48.d., the invocation of dispute resolution procedures under this Section shall not, by itself, extend, postpone, or affect in any way any obligation of Beazer under this Consent Decree, unless and until final resolution of the dispute so provides. Subject to Paragraph 48.d., stipulated penalties with respect to the disputed matter shall continue to accrue from the first day of noncompliance, but payment shall be stayed pending resolution of the dispute as provided in Paragraph 48. If Beazer does not prevail on the disputed issue, stipulated penalties awarded by the Court shall be paid as provided in Section VII (Stipulated Penalties).

X. INFORMATION COLLECTION AND RETENTION

63. The United States, State Plaintiffs, and their authorized representatives acting on

their behalf, upon presentation of credentials and at all reasonable times, shall have the right of entry to all Sites and Projects and have the right of access to all Records located at Sites or Projects or at any offsite location where Records pertaining to a Site or Project are located, for the purpose of assessing Beazer's compliance with this Consent Decree.

64. Until one (1) year after the termination of this Consent Decree, Beazer shall retain, and shall instruct its Storm Water Consultants to preserve, all Records. This information-retention requirement shall apply regardless of any contrary corporate or institutional policies or procedures.

65. At any time during the applicable retention period for a Record and upon request by the United States, Beazer shall provide to the United States a copy of any Record required to be maintained under this Section. Beazer shall provide Records requested by the United States pursuant to this Paragraph consistent with the procedures set forth in Paragraph 21 (Submission of Records). This Paragraph does not apply to Record requests made during a Government Inspection.

66. Beazer may assert that certain Records are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Beazer asserts a privilege, it must identify the privilege being asserted and describe the nature of the Record not being produced or disclosed in a manner that, without revealing information itself privileged or protected, will enable the United States to assess the applicability of the privilege or protection; provided, however, that no Records required to be created or maintained by this Consent Decree shall be withheld on grounds of privilege.

67. With respect to any Records provided to the United States, Beazer may also assert

that information required to be provided under this Section is protected as Confidential Business Information under 40 C.F.R. Part 2. As to any information that Beazer seeks to protect as Confidential Business Information, Beazer shall follow the procedures set forth in 40 C.F.R. Part 2.

68. Nothing in this Consent Decree shall be construed to limit any right of entry or access or other information-gathering authority held by the United States or State Plaintiffs pursuant to any federal, state or local law, permit, or regulation, nor shall it be construed to limit any duty or obligation of Beazer to maintain documents, records, or other information imposed by applicable federal or state laws, regulations or permits.

XI. EFFECT OF SETTLEMENT/RESERVATION OF RIGHTS

69. United States. In consideration of the payment of the penalty required by Paragraph 23, the United States hereby releases its claims and covenants not to sue or take administrative action against Beazer for civil violations or alleged civil violations at the Sites listed in Appendix M through the date of lodging, of: (i) Section 308 of the Clean Water Act as it relates to Storm Water Requirements; (ii) the prohibition in Section 301(a) of the Clean Water Act against discharging pollutants without an Applicable Permit; or (iii) the conditions, limitations and requirements of an Applicable Permit. The provisions of this Paragraph shall survive the termination of this Decree.

70. State Plaintiffs. In consideration of the payment of the penalties required by the subparagraphs of Paragraph 25, each State Plaintiff hereby releases its claims and covenants not to sue or take administrative action against Beazer for civil violations or alleged civil violations at the Sites listed in Appendix M, through the date of lodging, of: (i) any state law equivalent to

Section 308 of the Clean Water Act as it relates to Storm Water Requirements; (ii) the prohibition in Section 301(a) of the Clean Water Act against discharging pollutants without an Applicable Permit and any state law equivalent to this prohibition; (iii) the conditions, limitations and requirements of an Applicable Permit; or (iv) any state law, regulation or permit regulating discharges of storm water, except rules and statutes relating to the Florida Environmental Resource Permitting Program. The provisions of this Paragraph shall survive the termination of this Decree.

71. Plaintiffs' Reservation of Rights.

a. The United States and the State Plaintiffs reserve all rights not expressly waived in this Decree.

b. The United States and the State Plaintiffs reserve all rights and remedies, legal and equitable, available to enforce the provisions of this Decree.

c. The United States and the State Plaintiffs reserve the right to seek and obtain criminal sanctions against any person, including Beazer.

d. The United States and the State Plaintiffs reserve the right to undertake any action for injunctive relief against any person, including Beazer, in response to conditions which may present an imminent and substantial endangerment to the public health or welfare or the environment.

72. Beazer's Reservation of Rights. Except as expressly stated herein, Beazer reserves all defenses and all rights and remedies, legal and equitable, available to it in any action brought by any Plaintiff or by Beazer under this Decree, an Applicable Permit, the Clean Water Act, or any other federal or state statutes, regulations or rules. This Decree shall not be

construed as a waiver of any defenses or remedies that Beazer may have to any future alleged violations of an Applicable Permit, or of the federal and state laws and regulations governing an Applicable Permit.

73. Not a Permit Modification. This Consent Decree is neither a permit, nor a modification of any permit, under any federal, state, or local laws or regulations, and this Decree does not relieve Beazer of its responsibilities to comply with all applicable federal, state, and local laws, regulations, and permits. The United States and State Plaintiffs do not, by their consent to the entry of this Consent Decree, warrant or aver in any manner that Beazer's compliance with any aspect of this Consent Decree will result in compliance with provisions of the Clean Water Act, 33 U.S.C. §§ 1251-1387, or with any other provisions of federal, state, or local laws, regulations, or permits.

74. Third Parties. This Consent Decree does not limit or affect the rights of Beazer or of the United States and State Plaintiffs against any third parties, not party to this Consent Decree, nor does it limit the rights of third parties, not party to this Consent Decree, against Beazer, except as otherwise provided by law. This Consent Decree shall not be construed to create rights in, or grant any cause of action to, any third party that is not a party to this Consent Decree.

75. No Admission. Beazer does not admit any liability to the United States or the State Plaintiffs arising out of the transactions or occurrences alleged in the Complaint.

XII. COSTS

76. The Parties shall bear their own costs of this action, including attorneys' fees.

79. Notices provided pursuant to this Section will be deemed to have been submitted: (1) on the Business Day sent if provided by facsimile; (2) on the date postmarked if provided by mail; and (3) on the date picked up by the overnight delivery service if provided by overnight delivery. The Parties may, by written mutual agreement, provide for an alternative method of delivery of notice.

XIV. EFFECTIVE DATE

80. The Effective Date of this Consent Decree shall be the Date of Entry.

XV. RETENTION OF JURISDICTION

81. The Court shall retain jurisdiction over this case until termination of this Consent Decree for the purpose of resolving disputes arising under this Decree or entering orders modifying this Decree pursuant to Sections IX (Dispute Resolution) and XVI (Modification), or effectuating or enforcing compliance with the terms of this Decree. The Court shall retain

jurisdiction after termination only for the purposes set forth in Paragraph 89 below.

XVI. MODIFICATION

82. Except as otherwise set forth in Paragraph 83 below, the terms of this Consent Decree, including any attached appendices, may be modified by a written agreement signed by Beazer and the United States (after consultation with State Plaintiffs) without approval of the Court.

83. Any modification which constitutes a material change to the terms of the Consent Decree, including any material change to an Appendix, shall be effective only upon approval by the Court.

84. Beazer may propose minor modifications to the Appendices to this Consent Decree for the purposes of adding information, text or questions to incorporate state-specific Applicable Permit requirements, changing formatting as necessary to align the Appendices with an Applicable Permit or Beazer's management needs ("Minor Appendix Modification"). Beazer may begin using a modified Appendix after submitting the modified Appendix to the EPA representative listed in Section XIII (Notices). This requirement does not apply to modifications of Site Inspection Reports which solely add State-specific requirements. If the United States determines that a Minor Appendix Modification does not comply with the terms of this Consent Decree, it shall notify Beazer and provide a list of changes required to bring the submitted Appendix into compliance with this Decree. Beazer has thirty (30) days after receipt of the list of changes to incorporate the United States' list of changes. If Beazer disputes the United States' determination or list of changes under this Paragraph by invoking the Dispute Resolution provisions of Section IX, Beazer shall use the last-approved Appendix during the time the

dispute is pending. The resulting Appendix shall supersede the original form or report and be considered a minor modification.

85. If a Site that meets the criteria articulated in Appendix M is inadvertently omitted from Appendix M, Beazer may submit to the United States, through the 60th day after lodging of the Consent Decree, a revised list with the additional Site(s) included. Any revised list shall be submitted for review to the EPA representative listed in Section XIII (Notices). If the United States, after consultation with the applicable State Plaintiff, agrees in writing that the identified Site meets the criteria articulated in Appendix M, and if Beazer and the United States sign a written agreement pursuant to Paragraph 82, the parties shall file a joint stipulation with the Court, seeking approval of the modified Appendix M and approval of the Court to amend Appendix A of the Complaint accordingly.

XVII. TERMINATION

86. The following conditions (“Conditions of Termination”) are the exclusive conditions for termination of this Decree and all of Beazer’s obligations hereunder. This Decree shall terminate under the procedures set forth in this Section when these Conditions of Termination have been met:

- a. the passing of three years since the Date of Entry (“the Third Anniversary”);
- b. Beazer has paid all civil penalties and related interest due under this Decree;
- c. Beazer has paid all stipulated penalties and related interest demanded through the Third Anniversary by the United States under Paragraph 45, excluding any

stipulated penalties or interest that are subject to Dispute Resolution, as to which this Court shall retain jurisdiction under Paragraph 89, below;

d. Beazer has established and implemented a management system designed to fulfill its obligations under Paragraphs 7, 10, 11, 12, 13, 14, and 15;

e. Beazer has established and implemented a Training and Orientation Program designed to fulfill its obligations under Paragraphs 17, 18, and 19;

f. Beazer has submitted all Lists of Sites required by Paragraph 8 as of the Third Anniversary;

g. For all Sites existing as of the Third Anniversary, all required coverage under Applicable Permits has been acquired or applied for; and

h. Beazer has submitted all National Reports required by Paragraph 15, including the National Compliance Summary Report submitted following the Third Anniversary.

87. The following procedures for terminating this Decree shall govern (and the Parties intend that this process shall be resolved at the earliest possible time):

a. Any time after the date forty-five (45) days prior to the Third Anniversary, Beazer may submit to the United States a proposed motion to terminate the Decree (“Proposed Motion”). The Proposed Motion shall include a draft certification, that meets the requirements of 40 C.F.R. § 122.22, that Beazer has fulfilled the Conditions of Termination. Following receipt by the United States of Beazer’s Proposed Motion, Beazer and the United States shall confer informally concerning the proposal and any disagreement that these parties may have as to whether Beazer has met the Conditions of

Termination.

b. No sooner than forty-five (45) days after delivery of the Proposed Motion to the United States, Beazer may file a motion to terminate this Decree. This motion shall contain a final certification, that meets the requirements of 40 C.F.R. § 122.22, that Beazer has fulfilled the Conditions of Termination as of the date of the filing of the motion.

(i) If the United States, after consultation with the State Plaintiffs, agrees that the Conditions of Termination have been met, it shall join in the motion to terminate. In that event, the Court shall enter an order terminating this Decree effective as of the filing of said motion.

(ii) If the United States, after consultation with the State Plaintiffs, does not agree that the Conditions of Termination have been met, it shall serve its opposition to the motion in accordance with the local rules of the Court. Beazer may reply in accordance with the local rules of the Court. If the Court finds, based upon the preponderance of the evidence, that Beazer has met the Conditions of Termination, it shall order this Decree terminated effective as of the date of filing the motion to terminate.

(iii) If the United States neither joins in the motion to terminate nor files a timely opposition, upon Beazer's request the Court shall enter an order terminating the Decree effective as of the date of filing the motion to terminate.

88. If the initial motion to terminate is denied by the Court, one or more renewed motion(s) to terminate may be filed. The Court shall decide a renewed motion to terminate

based on the Conditions of Termination set forth in Paragraph 86, reviewed for fulfilling the requirements as of the Third Anniversary date, except that if the Court has previously found that conditions 86.d. (management systems) and 86.e. (training and orientation programs) were not met, then Beazer's compliance with such unmet conditions shall be determined as of the date of filing of the renewed motion. If Beazer has met the Conditions of Termination, the Court shall order this Decree terminated effective as of the date of filing of the renewed motion.

89. After the Consent Decree has been terminated in accordance with Paragraphs 86-88, this Court shall retain jurisdiction over this Decree only for the following purposes:

- a. to resolve any dispute concerning unresolved matters subject to dispute resolution pursuant to Section IX (Dispute Resolution);
- b. to resolve any enforcement action pending on the termination date under this Decree; and
- c. to resolve any outstanding stipulated penalties demanded and owing based on the National Compliance Summary Report submitted following the Third Anniversary,

provided that this Paragraph applies only to matters arising prior to termination. It does not authorize the reopening of this Decree or require any extension of the compliance program imposed by this Decree.

XVIII. PUBLIC PARTICIPATION

90. This Consent Decree shall be lodged with the Court for a period of not less than thirty (30) days for public notice and comment in accordance with 28 C.F.R. § 50.7. The United States reserves the right to withdraw or withhold its consent if the comments regarding the

Consent Decree disclose facts or considerations indicating that the Consent Decree is inappropriate, improper, or inadequate. Beazer consents to entry of this Consent Decree without further notice and agrees not to withdraw from or oppose entry of this Consent Decree by the Court or to challenge any provision of the Decree, unless the United States has notified Beazer in writing that it no longer supports entry of the Decree.

XIX. SIGNATORIES/SERVICE

91. The undersigned representative of each Party certifies that he or she is authorized to execute this Consent Decree and to legally bind the Party he or she represents.

92. This Consent Decree may be executed in any number of counterparts, each of which will be deemed an original, but all of which will constitute one and the same instrument.

93. Beazer agrees to waive summons and the formal service requirements set forth in Rules 4 and 5 of the Federal Rules of Civil Procedure and any applicable Local Rules of this Court and agrees to accept service of the complaint by mail or electronic mail.

XX. INTEGRATION

94. This Consent Decree constitutes the final, complete, and exclusive agreement and understanding among the Parties with respect to the settlement embodied in the Decree and supersedes all prior agreements and understandings, whether oral or written, concerning the settlement embodied herein. Other than the Appendices, which are attached to and incorporated in this Decree, and deliverables that are subsequently submitted and approved pursuant to this Decree, no other document, nor any representation, inducement, agreement, understanding, or promise, constitutes any part of this Decree or the settlement it represents, nor shall it be used in construing the terms of this Decree. The Parties further acknowledge that the Appendices may

be modified pursuant to Section XVI (Modification).

XXI. APPENDICES

95. The following appendices are attached to and incorporated into this Consent Decree:

Appendix A: Site List and Project List

XXII. FINAL JUDGMENT

96. Upon approval and entry of this Consent Decree by the Court, this Consent Decree shall constitute a final judgment of the Court as to the United States, the States of Colorado, Florida, Indiana, Maryland, Nevada, and Tennessee, and the Commonwealth of Virginia, and Beazer. The Court finds that there is no just reason for delay and therefore enters this judgment as a final judgment under Federal Rules of Civil Procedure 54 and 58.
